

GRADE 5 GROUP PARENTS' MEETING

Monday
September 2nd
2019

INTRODUCTION

Mr. Cillian Lynch

Teaching experience: 2 years
in an International school

PURPOSE OF MEETING

To state very clearly what we consider valuable and most beneficial to your children at this stage of their education.

To give a brief outline of the curriculum and the experiences your child will encounter this year.

To outline rules and expectations for the coming year.

OUR FOCUS IN GRADE 5

Promote a **sense of independence** in each one of our children.

Encouraged to think for themselves and use different resources available to them.

Vital that a similar approach is encouraged at home.

Your role will gradually be reduced to a more supervisory one, with your child making decisions and evaluating their work against clearly understood criteria.

Assessment for Learning.

We Are Learning To... W.A.L.T.

We articulate what we expect the children to understand from our lessons

What I'm Looking For... W.I.L.F

We give them criteria against which they can gauge their level of understanding.

The children can revisit the topic to ensure a deeper understanding of the concepts covered.

ENGLISH/ LITERACY

Emphasis on-

READING

- Develop **comprehension** and **enjoyment** of reading. (New reading records)
- Children to read a **wide range** of texts fiction & non fiction.
- Reading at a suitably **challenging** level.
- Focus on not just literal answers but also inferential (why do you think?)

ORAL LANGUAGE

- Growing in confidence at speaking and presenting in public.
- Working on debate writing and presentations.

ENGLISH/ LITERACY (CONT.)

WRITING

Writing genres- promoting different genres.

Presentation and handwriting

Grammatical accuracy.

Increasingly proficiency at constructing sentences.

SPELLING

To develop an understanding, not solely learn by rote. New spellings should eventually become part of child's vocabulary. (Learning definitions, Spelling Bee, Word of the week, topic based spellings)

MATHS/NUMERACY

Promoting hands on learning –

- Use of interactive whiteboard, games, I.T. etc
ELPS approach- *‘One size doesn’t fit all’*
- **Experiences** of concrete activities.
- Associated mathematical **Language** (Link with Spelling Programme).
- **Pictorial** representation.
- Formal mathematical **Symbols**.

MATHS/NUMERACY (CONT)

We encourage children to show workings out/steps, neatly and great tool for revision.

Children encouraged to write **rules**, take notes. (language of maths)

To be encouraged to be confident in all **four operations**. (+, -, X and ÷)

Promote **very sharp mental** calculations. - mental maths

Problem solving and investigation. This is an area that children find most challenging but really need to develop. New Operations Maths programme

GAEILGE

New Irish arrangement for all.

Promotion of Irish as a spoken language

- Focus on the oral element over the written work.

Promotes new curriculum, bringing language alive.

Use of role play, games, songs, poems and conversation.

Fortnightly themes that the children can relate to.

Emphasis on developing vocabulary, sentence composition, grammar and spelling. (Grammar copy and new spelling programme).

SESE- Science, History and Geography

- Enquiry approach- experiments using science lab materials.
- Projects throughout the year.
- Presentation skills focused.
- Presentation of work through different media.
- Computers as an explicit subject

HOMework

Homework allocation:

- Grades 4 - 6 30 - 40mins

Reading as a focus every night.

Reduced the written element, learning is central.

Help from home-

- Journal to be signed and timed each night.
- Encouraged to try the work unless there is a total lack of understanding.
- Notes in journal re: missed work.

ASSESSMENTS

Weekly Spelling & Gaeilge (To be signed)

Progress in English and Maths (New students)

Autumn/ Spring tests (Study time and outline will be given at the time)

- English
- Maths
- Gaeilge
- Science
